How to potty-train your pet using PAW TRAX® Mesh Training Tray:

1 Place Mesh Tray where your pet feels most comfortable. Keep tray in same location, so your pet doesn't get confused.

2 If you notice your pet looking fidgety or restless, immediately guide him/her to the Mesh Tray.

3 Give your pet plenty of praise when tray is used. Remember to train your pet patiently.

4 In case of pet accidents, never scold your pet. Instead, clean spot immediately to remove odor. Soiled towel or rag can then be placed in tray to help guide your pet to its territory.
